American in Position Of Visitor Kicked in Shins by Ornery Boy

WASHINGTON (AP) - The United States summoned Ambassador Philip W. Bonsal home from Havana today, less than two weeks after he returned to his post.

There were strong indications of official exasperation at indignities authorities feel America has suffered at the hands of Fidel Cas-

The big question remained: What can Washington try next to its relations with the other psychologically sensitive Latin American

Diplomatically, Uncle Sam was in the unhappy shoes of the visitor being kicked in the shins by a small boy of the family while not daring to lift his fist in reprisal.

Bonsal was expected to arrive in the late afternoon. Secretary of State Christian A. Herter said Thursday the career diplomat was being returned for "consultations." He had returned to Havana on Jan. 10 after a month of similar consultations.

The new move falls short of a break in relations with the Castro regime. But U.S. officials made plain they are in no hurry to send Bonsal back. The Havana embassy meanwhile will be tended by the No. 2 man there, Daniel M. Braddock.

The new low in U.S.-Cuban relations was struck Thursday after Castro went on a radio-TV broadcast. The Spanish ambassador became so outraged at Castro's allegations of criminal ties by his embassy, that he stormed the broadcasting studio. Castro kicked him out of Cuba, and he too leaves there today.

U.S. authorities viewed Castro's attack on American Embassy activities as even more severe. Herter told the Senate Foreign Relations Committee, according to Chairman J. W. Fulbright (D-Ark), that Castro was "very insulting to the American ambassador, the American government and the American people."

American officials said the Castro broadcast came on top of: 1. Repeated attacks on the United States by Castro-run news-

papers and radio stations. 2. Attacks on Vice President Richard M. Nixon, who recently resident the Costre resaid in Florida that the Castro regime is not creating an attractive climate for U.S. investment in Cuba.

3. Attacks on Bonsal, who has been applauded in public appearances in Havana by Cubans who don't share Castro's view.

4. Absence of any diplomatic reply to a U.S. note of Jan. 11 protesting what Washington said was illegal seizure of U.S. property in Cuba, in violation of Cuba's own laws. A Castro newspaper thumbed its nose at the U.S. protest in its columns.

Claims Weed Spray **Destroyed Plants**

Cole Nursery Co., has filed a \$40,000 damage suit in Ross County Common Pleas Court against Philip M. Dunlap, Ruth M. Will and William D. Brown for destruction of plants, shrubs and trees on the nursery's property with weedkilier.

Plaintiff, represented by the Circleville law firm of Simkins and Young and Attorney John L. Yaple of Chillicothe, charges nursery stock and trees growing on land owned by the nursery in Pickaway County, were ruined by weed spraying operations last summer on the 146-acre Will farm which is operated by Dunlap and Brown. The weed-killer, the nursery

claims was applied to farmland adjacent to the nursery and, through negligence on the defendants' part, was carried, blown and drifted onto its land. Negligence is specified in that:

The weed-killing was carried out in such close proximity to nursery

It was carried out at a time known the direction and velocity of the wind would carry the toxic spray onto the defendant's land. Defendants failed and refused to cease spraying when they were advised the poison was being

blown upon plaintiff's proerty. In some cases, the nursery claims, it was unable to detect that stock was injured and it was sold. As a result replacements had to be shipped to various points and the firm suffered damage to its business, reputation and good will.

The new low in U.S.-Cuban relations was struck Thursday after Castro went on a radio-TV broadcast. The Spanish ambassador became so outraged at Castro's allegations of criminal ties by his embassy, that he stormed the broadcasting studio. State Ending Its Case in **Finch Trial**

LOS ANGELES (AP) - The prosecution plowed into the final stages of its massive case in the Finch murder trial today following testimony by a hoodlum that he positively was hired to kill Barbara Jean Finch, not to seduce

The state contends Dr. R. Bernard Finch and his red - haired mistress Carole Tregoff paid Jack Cody to kill the tennis - playing surgeon's estranged wife - and that they did the job themselves when Cody failed to go through

with the bargain. The defense suggested Thursday that Cody was approached to get divorce evidence against Mrs. Finch and that Cody bragged he would get it if he had to sleep with the doctor's wife himself.

Cody, 29, bad check passer on leave from the Minneapolis workhouse, heatedly denied this.

"I was hired to kill her, that's all," said Cody, who describes himself as a former dance hall bouncer, butcher, gambling hall shill and ladies' man.

Mrs. Finch, attractive 36-yearold brunette socialite, was shot to death July 18 outside the Finch estate in suburban West Covina. The state contends the crew-cut doctor and his attractive paramour killed Mrs. Finch so she couldn't win a large divorce set-

The prosecution also tired to show that Finch probably forged his wife's name to a \$3,000 check two months before her battered body, shot once in the back, was found sprawled on the lawn.

The state contends Dr. R. Ber pard Finch and his red - haired mistress Carole Tregoff paid Jack Cody to kill the tennis - playing surgeon's estranged wife - and that they did the job themselves when Cody failed to go through with the bargain.

The defense suggested Thursday that Cody was approached to get divorce evidence against Mrs. Finch and that Cody bragged he would get it if he had to sleep with the doctor's wife himself.

Cody, 29, bad check passer on leave from the Minneapolis workhouse, heatedly denied this.

"I was hired to kill her, that's all," said Cody, who describes himself as a former dance hall bouncer, butcher, gambling hall shill and ladies' man.

Mrs. Finch, attractive 36-yearold brunette socialite, was shot to death July 18 outside the Finch estate in suburban West Covina. The state contends the crew-cut doctor and his attractive paramour killed Mrs. Finch so she couldn't win a large divorce set-

The prosecution also tired to show that Finch probably forged his wife's name to a \$3,000 check two months before her battered body, shot once in the back, was found sprawled on the lawn.

7th Grade Students Not Yet Adults But Must Face Big Human Problems

This is the seventh in a series of 12 articles dealing with the 12 grades of elementary and secondary public school education. This series is attempting to acquaint the tax paying public with the objectives of the Pickaway County school system and the problems facing school system and the problems facing school system in attaining the public school system in attaining its objectives and assist their children in getting the most out of school.

By ROBERT SEWARD County General Supervisor

Many of our 7th grade youngsters are entering the period of growth that falls beyond childhood but has not yet reached young adulthood.

Most of our girls and a few of our boys are entering the age of puberty. Many of the girls are experiencing menstruation and are becoming quite conscious of their change in figure.

Some of the boys are experiencing a change in their voice. Acne and pimples may occur during this stage of development. All of these various body changes play an important part in the behavior of this

GIRLS BECOME interested in boys while most boys in this age group are indifferent to girls and are more interested in gangs or sports, Girls, because of physical changes, are less able to complete in athletics and tire more easily than boys.

As a result they are more interested in organizing social activities and in becoming lady like. Whereas, boys often develop a feeling of inadequacy and a fear of

failure in social situations. This period of growth, where the youngsters are not sure whether they are still children or young adults, brings about many compensating acts of behavior to overcome this feeling of frustration.

These behavior acts often give the school authorities added gray hairs. The 7th and 8th grades are often considered the most troublesome grades by many school authorities and as a result a strong staff of teachers is necessary.

Some of our schools use the departmentalized form of organization to teach our 7th grade youngsters and some use the self-contained classroom form of organiza-

the departmentalized plan of organization the students are teachers, in the area for which problems. each teacher is specifically trained. This plan of organization necessitates the changing of classes by the students and their having several different teachers.

IN THE self - contained classroom, the students are taught by an elementary trained teacher. This provides for students to remain in one classroom and be under the supervision of one teacher.

The advantages of the departmentalized organization are: it provides for the students to be taught by specialists in each subject area, it limits teacher preparation to fewer fields, and if teachers are used in conjunction with the high school, it enables the school to offer a broader high school curriculum without added teacher costs and reduces the number of needed classrooms.

The advantages of the self-contained classroom are: it provides for better supervision of the students, it enables the teacher to better know and understand each student, and it provides a better opportunity for correlation of the program.

Our school administrators feel that the self-contained classroom provides for better child development, of this age group, than does the departmentalized form of organization.

When our new high schools, in each of the three districts become a reality, it will enable us to go to the self - contained classroom plan of organization, in all of our 7th and 8th grades.

Franklin Knew Weaknesses

the 254th anniversary of his birth on January 17, to Benjamin Franklin's virtues as statesman, diplomat, scientist, inventor and philosopher, sight should not be lost of one contribution he made to human happiness that could have been made by no other man.

Other men might have been as successful in persuading the French to come to the aid of the colonies, or in capturing lightning, or in inventing the stove, but it required Franklin's peculiar combination of piety and wit to produce the most pleasant and effective system of private reform ever given to the world.

In his "Autobiography" Franklin ex- . plains that he devised this system when he found himself beset by a multitude of vices and faults and weaknesses. Instead of attacking them wholesale, he set aside stated periods, during which each vice was to be singled out for a war of attrition. He knew that men were strong enough to get rid of one weakness at a time, but not of all at once. He knew that intensive campaigns against a man's whole train of follies such as are sometimes begun on January 1 lead to failure.

Franklin Knew Weaknesses

the 254th anniversary of his birth on January 17, to Benjamin Franklin's virtues as statesman, diplomat, scientist, inventor and philosopher, sight should not be lost of one contribution he made to human happiness that could have been made by no other man.

Other men might have been as successful in persuading the French to come to the aid of the colonies, or in capturing lightning, or in inventing the stove, but it required Franklin's peculiar combination of piety and wit to produce the most pleasant and effective system of private reform ever given to the world.

In his "Autobiography" Franklin ex- . plains that he devised this system when he found himself beset by a multitude of vices and faults and weaknesses. Instead of attacking them wholesale, he set aside stated periods, during which each vice was to be singled out for a war of attrition. During the time in which intemperance, say, was to be overcome all Frank-

In all the notice that will be given, on lin's powers were directed against this one temptation.

The man who planned such a campaign against his own frailities knew not only his own nature but that of mankind. He knew that men were strong enough to get rid of one weakness at a time, but not of all at once. He knew that intensive campaigns against a man's whole train of follies such as are sometimes begun on January 1 lead to failure.

Perhaps he also knew that nothing gives a man so much courage in getting rid of one bad habit as the presence at his right hand of a dozen others.

Sen. Young Too Blustery By George Sokolsky

I have been privileged to read some correspondence between Sen. Stephen M. Young of Ohio and one of his constituents, Irwin S. Rhodes, a lawyer of Cincinnati. Rhoes wrote critically to his Senator, making this point:

"I note with considerable interest that you are listed as a principal speaker at a dinner at the Hotel New Yorker scheduled for November (December) 15th under the auspices of the Emergency Civil Liberties Commit-

To this, the Senator replies in a longish letter, the first paragraph of which reads:

"Am wondering if you wrote a letter of criticism and gave the benefit of your comments to President Eisenhower regarding his having as a dinner guest the most ruthless Communist leader in the entire world. When Khrushchev was in this country, no one seemed concerned who dined with him or honored him. That is something for self-pro-

claimed patriots to think about." This is clearly beside the point. President Eisenhower, as head of state, is required by the amenities of international conduct to have relations with heads of recognized nations. Soviet Russia was recognized in 1933 by President Franklin D. Roosevelt after a period of 16 years, during which the United States refused to recognize that country. Khrushchev desired to visit this country and it seemed to me at the time that there was no way of rejecting his overtures without breaking off relations, an act which could or

might lead to war. Sen. Young was involved in no equal situation. He chose to speak before a suspect American group because he wished to. It is a matter of slight significance whether he did or did not deliver such an address and if he did, it attracted hardly any notice. Certainly, it affected nothing serious in the world. wonder that a flock of Hollywood | Grant Cooper, equally urbane and ingratiating.

The state's case is being presented with vigor by Dep. Dist. Attys. Frank N. Whichello and Clifford Crail, both bald and distinguished, both bristling with outrage for the acts they claim the loving pair committed. Crail is expecially ready to snap back at the defense attorneys, accusing them of trying to scare the state's witnesses.

Not the least impressive of the courtroom cast is Superior Judge Walter R. Evans. A big man, especially imposing as he strides to the bench in his black robe, he reminds one of Sen. Estes Kefauver. Heavy Schedule Is Slated For Area Cagers Saturday

In one of the heavier Saturday night basketball schedules, five games appear on the cage horizon

Two headliners promise to furnish much of the action. They are Darby (6-5) vs. Stoutsville (10-2) at the Pickaway County Fairgrounds' Coliseum and Laurelville (9-5) at Lancaster St.

Other tilts are Unioto at Pickaway (1-12); Scioto (2-7) at the Ohio School for the Deaf, and Walnut (6-4) at New Holland.

The Trojan - Indian contest starts at 2 p. m. and is the only afternoon battle slated for this season, but its success might set off a chain reaction.

DARBY will dress a revised varsity unit that will retain Tommy Walters (23.8) and Tommy Liff (19.6) and add Alvin Cox, who averaged 9.6 points per game last season and steadily improved during the year.

Cox, ineligible the first semester, is expected to add much to the Trojan charge. He is a deadly corner and side jump shooter.

Head Coach Ned Reichelderfer also may have two transfer students eligible that are reportedly first string material. If so, they will probably be used tonight against Pickaway and serve advance notice for Stoutsville to expect plenty of action tomorrow.

The Indians, running third in the Fairfield County League race, will rely on the play-making and driving of Richard Bussert (11.3) and the accurate corner shooting of Bobby Sells (16.8), who has blistered the nets of late.

Another big test awaits Laurelville when it invades the haven of Lancaster St. Marys. The Irish have another potent unit that earlier this season thumped Darby, 71-39, a team the Wildcats had trouble defeating, 64-62.

If the Wildcats have smoothed over holiday difficulties and everyone is playing his best, Laurelville could down the valiant, evermoving and never-uitting Irish in a thriller.

UNIOTO, Ross County, is having one of its more disappointing years under Coach Leroy Silvani. But the Shermans have height and talented cagers to rate the favorites over an inexperienced Pirate

Final action in the area is Walnut's encounter at New Holland. The Tigers are expecting a breather and rightfully so. The Bulldogs had four starters quit the squad earlier in the year. They now are playing a major portion of their reserve unit in both games.

Heavy Schedule Is Slated For Area Cagers Saturday

night basketball schedules, five games appear on the cage horizon

Two headliners promise to furnish much of the action. They are Darby (6-5) vs. Stoutsville (10-2) at the Pickaway County Fairgrounds' Coliseum and Laurelville (9-5) at Lancaster St.

Other tilts are Unioto at Pickaway (1-12); Scioto (2-7) at the Ohio School for the Deaf, and Walnut (6-4) at New Holland.

The Trojan - Indian contest starts at 2 p. m. and is the only afternoon battle lated for this season, but its success might set off a chain reaction.

"World Wide 60" at 9:30 p.m. that night with a look at "Castro's Year of Power." On Sunday at noon CBS presents the first of its "TV Workshop" series with "The Brick and the

Rose." While Ed Sullivan on CBS

is presenting an Oriental type

show, highlighted by the Japanese

Takarazuka Dancers, NBC will

Bing Crosby's annual golf tour-

nament, with a pack of stars and

exhibit another in the "American Heritage" series - "Destiny, West," about John Charles Fremont (both 8-9 p.m.) Kate Smith comes back with a regular weekly song show at 7:30 p.m. Monday night on CBS. The big mix-up is Tuesday, when NBC's Startime permanently with "The Wonderful World of Jack Paar." Meanwhile, the

"M Squad," taken out of NBC's Friday night schedule. "Be Our Guest," the new George de Witt musical variety show starts on CBS at 7:30 p.m. Wednesday, and on Thursday night the same network will show the first of a series of revues at 10 p.m. - this one with Mickey

1. Card of Thanks

IN MEMORY In loving memory of our dear Wife and Mother, Anna M. Bochard, who bassed away one year ago, January 23,

ricase God, take a message
To our Mother up above.
Tell Her how we miss Her.
And give Her all our love.
How uttle she knew when leaving
Just how she would return It was bitter grief, shock severe To part with the one we loved so dear. And find the time long since you went But we try to be content The tears we shed in silence And we breath a sign of regret

But they little know the sorrow,
Lies within our hearts concealed.
To your graveside we often wander,
And we picture your face so dear
And in silence we stand in sorrow,
For the one we loved so dear,
adly missed by Husband, daughter and
pointlaw.

You and Eternity'

say entitled "You and Eternity" has won \$100 and top honors for a Columbiana County, won second suburban Dayton girl in the Prince | place and \$75 with her essay enof Peace original essay contest.

Shirley Jones, a pupil at Fair- er." Betsy Brust of Columbus won mont High School at Kettering, \$50 and third place. won the contest sponsored annually by the Ohio Council of Churches | es went to Robert Franks, Zanesalong with its Prince of Peace | field; Margaret Leuzinger, Lebadeclamation contest. Finals in the latter contest will be held here Sunday.

In her first prize-winning essay Miss Jones wrote:

"Two thousand years ago the angel chorus proclaimed, 'Peace on earth, good will toward men.' Ever since that time, men have longed for lasting peace. Sixty generations have failed to achieve it. Ours must succeed or face total

destruction." Discussing various viewpoints,

she declared: "I believe that the only way peace can be attained is to combine these three viewpoints. From the idealist, take his dream, his faith, his vision. From the realist, take his program for action, heed his call to do something about the world's ills. From the cynic, take his warning, for lofty dreams are not enough, and real-

agonizingly slow. "All three are necessary for proper balance. A three-legged stool will stand firm; a two-legged one is bound to topple."

She concluded: "A man who builds a wall can look at the end results of his labor. When one is working toward intangible goals, however, he cannot know all of the ramifications of his efforts. Henry Brooks Adams said, 'A teacher affects eternity; he can never tell where his influence stops.' The same can be said about anyone and everyone who influences the thinking of others. This person can be you.

Television Programs Slated for Changes

NEW YORK (AP) - The next seven days is the opening of TV's 'little season," with five new shows bowing in. It's a time to istic achievement is sometimes watch the program sihedules carefully beiause some time changes are occurring.

There are other items of intrest, too. Tonight, for instance, there is the Mort Sahl-Eddie Cantor special, "The Future Lies Ahead," on NBC (8:30-9:30 p.m. Eastern standard time, while on CBS' Desilu Playhouse there is the delayed "meeting at Apalachin," dramatic treatment of a real life meeting of the bigtime criminals which was postponed at the request of authorities until after conclusion of the trials of the real participants (9-10 p.m.)

Bing Crosby's annual golf tournament, with a pack of stars and a lot of pros, will take place at 5:30 p.m. Saturday on ABC. And NBC starts its weekly hour-long WANTED — Antique guns for collection. GR 4-5847 room or evenings. "World Wide 60" at 9:30 p.m. that night with a look at "Castro's Year of Power.'

On Sunday at noon CBS presents the first of its "TV Workshop" series with "The Brick and the Rose." While Ed Sullivan on CBS is presenting an Oriental type show, highlighted by the Japanese Takarazuka Dancers, NBC will exhibit another in the "American Heritage" series - "Destiny, West," about John Charles Fre-

mont (both 8-9 p.m.) Kate Smith comes back with a regular weekly song show at 7:30 p.m. Monday night on CBS. The big mix-up is Tuesday, when NBC's Startime permanently moves up an hour to 8:30 p.m. with "The Wonderful World of Jack Paar." Meanwhile, the Arthur Murray Party goes into the 9:30 p.m. time spot, followed by

"M Squad," taken out of NBC's Friday night schedule. "Be Our Guest," the new George de Witt musical variety show starts on CBS at 7:30 p.m. Wednesday, and on Thursday night the same network will show in 6 out of 12 U. S. Rooney as star. **GOP** Keynote May Be Given By President

WASHINGTON (AP) - President Eisenhower apparently will sound the keynote of the Republican National Convention opening July 25 in Chicago. Although Eisenhower is not like

ly to take over the duties of

temporary chairman, who usually

delivers the keynote speech, Republicans generally expect the President to set the tone for their campaign in a major address. GOP National Chairman Thruston B. Morton said it has been left up to Eisenhower to decide

which day he wishes to speak.

"The President will have a ma-

jor part in the convention" Mor-

ton said. "His speech may well furnish the keynote for the convention.' Eisenhower's appearance would be calculated to give a lift to a convention that may lack crowd and television appeal because of the absence of any contest for the party's top nomination. Vice Pres-

certain to be named to head the ticket. Morton said the convention arrangements committee will wait until late in April before canvassing the field of potential convention officers.

COLUMBUS, Ohio (AP)-Only 1,600 of the 13,497 seats in Ohio State's St. John Arena will be available to the general public for Tournament March 25-26.

And Commissioner W. J. McConnell said he expects the demand to be 10 times greater than the supply.

McConnell outlined the procedure for ordering the ducats, which wil be sold by mail only. All the orders will go into a barrel, with the lucky ones being drawn at : p.m. Feb. 25.

Only season tickets, good for al four sessions of the state meet will be available. McConnell se it up like this:

No consideration will be given to orders postmarked prior to Feb. 13, orders for more than two season tickets in any one envelope or orders for anything other than season tickets.

The envelope must be addressed to the Ohio High School Athletic Assn., 4161 N. High St., Columbus 14, Ohio; be plainly marked on the address side "Season Ticket order"; include payment in full for tickets ordered at the rate of \$6 for each season ticket; and contain a self-addressed and stamped return envelope.

Checks or money orders must be made payable to the Ohio High School Athletic Assn. Cash will not be accepted.

Perry Is Signed By Indian Tribe

CLEVELAND (AP)-Jim Perry, 23 - year - old righthanded hurler, agreed today to a 1960 Cleveland Indians' contract which General Manager Frank Lane said included a substantial riase.

Lane said the increase was on the basis of Perry's impressive work last season, when he finished second to Washington's Bob Allison in rookie of the year balloting.

His won-lost record was 12-10. Perry's earned run mark of 2.65 was third lowest in the American league, and he walked only 55 men and fanned 79 in 155 innings.

Michigan and Indiana, boasting a pair of the best tank squads in conference history, are expected to fight it out for the league crown, with the Bucks third. The NCAA should go the same way unless Southern California moves into one of the top spots.

The Bucks have swept over Illinois, Wisconsin, Iowa and Miami of Ohio in dual meets this year.

of athletics entirely in the faculties of the member schools. The Penny Dietrich reworded versions vests control in an "institutional agency" which is composed entirely of faculty members or in which faculty members are in majority.

The OSU faculty feels that athletics should be under control of the entire faculty or an agency representing the entire faculty. such as the faculty council, rather than such an agency as the athletic council, which includes six faculty men. These small boards, OSU faculty people believe, could be packed with athletic sympathizers "who do not represent the faculty."

2. Power to veto or accept important conference legislation, under the revised Big Ten rules, would be vested in an institutional vote." This, the OSU faculty people say, means the vote could be cast not only by the small group, like the athletic council, but by the athletic director, rather than the faculties or faculty representatives (who are instructed by the facili-

Only 1,600 **Public Seats Due at Arena**

COLUMBUS, Ohio (AP)-Only 1,600 of the 13,497 seats in Ohio State's St. John Arena will be available to the general public for the Ohio High School Basketball Tournament March 25-26. And Commissioner W. J. McCon-

nell said he expects the demand to be 10 times greater than the supply.

McConnell outlined the procedure for ordering the ducats, which will be sold by mail only. All the orders will go into a barrel, with the lucky ones being drawn at 2 p.m. Feb. 25. Only season tickets, good for all

four sessions of the state meet, will be available. McConnell set it up like this:

No consideration will be given to orders postmarked prior to Feb. 13, orders for more than two season tickets in any one envelope, or orders for anything other than season tickets.

The envelope must be addressed to the Ohio High School Athletic Assn., 4161 N. High St., Columbus 14, Ohio; be plainly marked on the address side "Season Ticket or 300 Appeals Filed der"; include payment in full for tickets ordered at the rate of \$6 for each season ticket; and contain a self-addressed and stamped return envelope.

Perry Is Signed By Indian Tribe

CLEVELAND (AP)-Jim Perry 23 - year - old righthanded hurler, agreed today to a 1960 Cleveland Indians' contract which General Manager Frank Lane said includ-

ed a substantial riase. Lane said the increase was on the basis of Perry's impressive work last season, when he finished second to Washington's Bob Allison in rookie of the year balloting. His won-lost record was 12-10. Perry's earned run mark of 2.65

was third lowest in the American (10) Have Gun, Will Travel league, and he walked only 55 men and fanned 79 in 155 innings.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out-Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra ousands of miles - '60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices

Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions-all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension

Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels

Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable

Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out-Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles - '60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices Step-Vans, 4-Wheel Drives, many

transmissions-all are lower priced. Prices have also been reduced on all optional V8's. **New Torsion-Spring Suspension** Eliminates I-beam shimmy and

light-duty models with automatic

wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs-Wider, Safer, More Comfortable

Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line

A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.
